

Questar III offers eBooks and audiobooks, at no cost to us, through the library. You can browse a variety of subjects including classic and current fiction as well as nonfiction titles. This collection can be accessed 24/7 by using the Hoosic Valley website.

Staff/students can check out titles with a user login (student ID number and I've been provided with staff ID numbers, as well) to download to a computer or mobile device. Once downloaded, titles can be transferred to an iPod®, eBook reader, and many other supported devices.

To better understand this new service and all that it has to offer, you can check out the following recorded training on OverDrive's Online Learning Center. This course **Just the Basics: Browse, Check Out, and Download!** is hosted online at www.overdrive.com/learningcenter under the 'View Now' tab and lasts approximately one hour.

Contact the HS Librarian, Mrs. Phillipone, if you have any questions.
