Creativity and Innovation Award

Christopher Hallam

The Sage Colleges – 2018 Student Sage  
Award

Renee Serafin

Clarkson University - Clarkson University  
Leadership Award

Carolyn Burnell

Elmira College - Elmira College Key Award

Marlee Peterson

Rensselaer Polytechnic Institute -  
Rensselaer Medalist

Taylor Hansen

Society of Women Engineers NYS Capital  
District Certificate of Merit

Carolyn Burnell  
Taylor Hansen

**Hoosic Valley First Annual Educational Foundation Awards Presented  
by President Melissa Kalbfliesh**

## Teacher's Choice Awards

Jaquelyn Carlo (Mrs. Roberts) Jackie is like having an additional adult in the room. She helps her classmates stay on task and explains just about everything to them.

Isaac Honsinger (Mrs. Roberts) Isaac is not afraid to figure out a new concept before the explanation is given.

Logan Maleady (Mr. Frederick) Logan exhibits excellent work ethics, is always polite and respectful, and is very cooperative.

Sarah Kennelly (Mrs. Suite) Sarah has continued to challenge herself in her Senior year, and found herself struggling with Calculus. She didn't give up, instead she undertook the herculean challenge of spending every waking moment with her Calculus textbook. And I mean "herculean" because THAT book is HEAVY! Any spare moment, she used to read, reread and take notes on the textbook. She worked very hard to understand and improve, and I am proud of her efforts.

Jared Martin and Katherine Rice (Mrs. Suite) It has been my privilege to teach this Calculus class for their ENTIRE high school career. In my opinion, Jared Martin and Kat Rice exemplify the highest standards one could set for students. They are not only inquisitive and intelligent, but they also have the compassion that makes them wonderful tutors, teachers, and role models for our younger students. I admire their enthusiasm for learning, their work ethic, and the kindness they exhibit every day.

Lilly Miranda (Ms. Akin) Lilly is being given this award for her exceptional effort and perseverance.

Samantha Wager (Mr. Myott) Sam always brings a positive attitude to class, works her hardest and makes class more fun and enjoyable for everyone.

Logan Clarkson (Mr. Myott) Logan somehow manages to mix a light hearted attitude with hard work. His humor and focus make him a joy to teach.

Katya Cyrulik (Mr. Myott) Katya is one of the most gifted Spanish students I have ever had the pleasure to teach. Her hard work and dedication will help her in whatever she chooses to do in life.

Isabelle Jarvis (Ms. Williams) Isabelle is a gifted French student. It is her first year and she is already speaking in complete sentences! At times, learning a language can be complicated and still Isabelle cheerfully gives it her best. She goes above and beyond to bring joy to the French classroom by decorating the walls with the artwork her classmates created. Keep smiling, Isabelle! We appreciate you!

McKenna McLaren (Ms. Williams) McKenna is an exceptional French student. She comes to class eager to learn and completes her assignments to the best of her ability. It takes courage to participate and speak in another language. Even so, McKenna leaps in and gives it her best! She is always willing to lend a helping hand during class and after school. She even helped decorate the classroom. Thank you for infusing joy into your French class. We appreciate you!

Evelyn Martel (Ms. Williams) Evelyn is a gifted French student! She asks excellent questions and is attentive in class. She cheerfully reaches for her best with each activity. It's a joy to see how your skills have grown this year, Evelyn! Merci!

Samuel Salvati (Ms. Williams) Sam is a true natural at French! He is courageous at speaking during class – both asking and answering questions in French. He asks excellent questions to explore into the “Why?” behind the “What?”. We appreciate you!

Jessica Espey (Ms. Williams) Jessica is a dedicated student. She asks excellent questions and is always willing to lend a helping hand. Merci, Jessica!

Damian Bentley (Ms. Das) Damian is a true pleasure to teach. He is a sincere, creative, and helpful young man.

Katherine Rose (Ms. Abraham) Katie's dedication to consistently strong work and attention to detail is remarkable. She has been a pleasure to teach and get to know this year.

Matthew Palladino (Ms. LaBombard) Matthew is being given this award for his preparation, focus and participation in class.

Ian Viall (Ms. Lanoue) Ian is always pleasant and courteous. He always has a kind and compassionate word for those around him, setting a great example for other students.

Katherine Rice (Mr. Driver) Kat took on the challenge of writing a novella during a one-semester class.

Braden Jarosz (Mr. Driver) Braden is being given this award for his overall excellence in writing and particular attention to improving his writing style.

Anthony Gregg (Mr. Driver) Anthony's research project on eccentric artist Bob Ross is now one of Hoosic Valley legend.

Emilee Valade (Mr. O'Brien) Emilee makes many insightful contributions to class discussions.

Jordan Barton (Mr. O'Brien) Jordan works very hard in science and shows a great deal of enthusiasm for the class.

Daniel Toth (Mr. O'Brien) Dan should be commended for his enthusiasm in physics.

Brianna Fitzgerald (Ms. Oppelt) Brianna always makes up her work and shows up for extra help during period 13 and always tries her best!

Noah Maleady (Ms. Callan) Noah is a quiet force. He is a hard worker. At any point he can recite, paraphrase, and explain history with full confidence. He has an innate knowledge and curiosity for social sciences.

Matthew Seymour (Ms. Huber) Matt has a vast knowledge of social studies and always brings an unique perspective to every lesson.

Katya Cyrulik (Mr. Zajesky) Katya is being recognized for this award for bringing creativity and artistic talent to the already exciting world of United States history. Her depictions of major figures in history, including Andrew Carnegie, far surpass Mr. Zajesky's ability to draw a mean stick figure.

Jared Martin (Mr. Zajesky) Jared is being recognized for this award because of his enthusiastic approach to college level Economics. His ability to analyze and explain complex information was second to none, and he never failed to put forth his best effort or to question the economic model to help the class better understand the material. I sincerely hope that Jared pursues Economics in college as he has a lot to contribute to the field.

Maribeth Pooler (Mr. Dorman) Maribeth did an outstanding job with her projects, participation in government, and all her assignments. Maribeth has a lot of potential for success in her future.

Olivia Hill (Mr. Dorman) Olivia is an excellent student who has a very bright future in front of her because of her dedication and effort towards her school work.

Tony Jones (Mr. Dorman) Tony has done a great job in Global Studies. Tony has excelled in his school work, especially his essay writing. It is very impressive to see Tony's progress and growth since seventh grade.

# Mathematics

## **Math 7**

**Mrs. Roberts**

OS: Reilly Reiser

BE: Austin Barton

MI: Jordyn Burdick

## **Regents Geometry**

**Ms. Akin**

OS: Emma White
